Our new Sewing Machine Store opened Monday, and you would be surprised if you knew how many women bought sewing machines. They bought for the same reason that you will buy if you come here. Every well known make of sewing machine is here, and every one at a special price, and if you do not care to pay cash, reasonable terms can be arranged.

We especially recommend

Domestic

A sewing machine that is famous for many reasons:

First—It has the "Sit-Rite" feature, which enables the operator to sit squarely in front of the work she is doing. No leaning toward the left to be in position to see what is going on. It is a wonderful feature.

Second—The ease with which the Domestic is operated is noticeable when compared to any other machine.

Third—The Domestic comes in a number of styles and finishes at a number of different prices—but the principle in all of them is the same, the ease of action is the same and the quality of the work is the same.

Investigate the wonderful Domestic.

Our Profit from all Sources

The American Public does not believe all it reads. It insists on being shown.

When Swift & Company says its profits are only a fraction of a cent per pound, many believe we are not telling the whole story—that there are hidden profits.

Here Are The Facts:

Our net profit on our entire business for the year 1918 amounted to only 1.76 cents per dollar of sales, or less than one-half cent per pound, and

1. Included profits from hides and all other by-products.
2. Included profits from all sundry side-lines.
3. Included profits on all subsidiary corporations.
4. To sum up—it included the entire profit from every source of revenue in which Swift & Company has any interest. There are no other profits.

Furthermore our accounts have been checked and certified annually by leading public accounting firms.

Swift & Company is sincerely trying to get the facts before the public. If you have any questions regarding our business—write us—and we will do our best to answer them. In discussing the packing business be sure you have the facts and that you are not unintentionally spreading misinformation.

If you get the facts we have no doubt as to the verdict.

Cinema Of Crime Reflected Upon Police Blotter

Where is Stella?
She is the nifty negress who got the family waiting from the home of H. D. Marley, 123 South Illinois street.

True to the old game, Stella has failed to reappear with the wash. Marley has asked the police to locate the elusive Stella.

Will Tamble, 27, auto mechanic, one of the Tamble brothers, and C. H. Green, 22, farmer, Oakville, Tenn., were jailed at 2:45 o'clock Tuesday morning on charges of assault to murder and carrying pistols. Their victim is lodged on the police blotter by the name of Seward Avelis.

Because a quantity of narcotics is listed among the loot of a thief who robbed the Chicago Drug company store, Second street and Mill avenue, before dawn Monday, police are inclined to believe the thief is a drug addict. They have found no trace of him, however. Candy, cigars and a rifle also were taken.

There is a 17-jewel R. W. Raymond watch at detective headquarters, central police station, for the owner who can identify it by stating the monogram on its back. Patrolman Jack Sherrill rescued the timepiece from a 12-year-old youth Monday at Poplar avenue and Fourth street, where he was trying to sell it for what he could get.

J. C. Douglas was treated Monday at the General hospital for cuts which he said he received in an auto accident in front of 1400 Madison avenue. He was slightly injured. Police have no record of the accident.

Numerous complaints from women passengers that men were in the habit of smoking on Hollywood street cars led to the arrest late Monday afternoon of E. J. Cousins, 41, carpenter, 1030 Park street, and R. Morley, 28, machinist, 123 North Bellevue boulevard. Both men were docketed at police headquarters on charges of misdemeanors.

Determined to break up the practice of smoking on cars—particularly which carried women passengers—the Memphis Street Railway company had Charles Berry, their local officer, to get Patrolman Linton detailed to work with him. Linton arrested the two men, who he charges were puffing vigorously.

Failure to heed the warning of a hold-up man, who commanded that he put up his hands, may cost the life of John D. Moore, negro laborer, 812 East Heiskell avenue. But John will have \$25 which he saved by running in case he lives. Moore was going home, walking on Lauderdale street, near Iowa avenue, about 7 o'clock Monday night, when a 6-foot, black negro halted him, and commanded that he put his hands up. Moore fled. The highwayman fired two shots. One struck Moore under the left shoulder blade. But he fled on. He reached a grocery store, from which he was conveyed to the Negro Baptist hospital for treatment. Policemen Pryde and Brunner, Jr., could find no trace of the slickup man.

When J. P. Burton, 2048 Cowden avenue, got on a Vance avenue street car about 5:20 o'clock Monday, he had a pocketbook containing \$25. When he got off the car a few minutes later, he did not have the pocketbook, nor the money. He telephoned police he thought a negro had picked his pocket, as he fought through a crowd of them to get to the front of the street car.

After six negroes had testified against M. Bianchi, butcher, 274 Putner avenue, in city court Monday, Bianchi was formally bound over to the state on charges of receiving stolen property. Then the negroes were taken to the back sergeant, and charges of housebreaking and larceny were placed against them.

This was the action Monday in the case of the seven men charged with having committed wholesale robberies on grocery stores, tailoring establishments and other merchandise houses in the past four months. They were known as the motor truck burglars, owing to their custom of using a truck to cart off a great portion of their victims' stock. Police place the loot at a valuation of \$10,000. The sextet was arrested by Detectives Taylor, Clark, Bishop and Joyce. Emergency Policemen Brunner and Pryde participated in some of the arrests.

The employer who needs six husky men as laborers will do well to communicate with Judge L. T. Fitzhugh, of the city court. He assessed a fine of \$10 each against a half dozen men in city court Monday, on charges that they were loitering around the depot. Then he instructed Joe Cole, court sergeant, to communicate with the Memphis Terminal corporation, to see if they could use the men as laborers, as each man expressed his willingness to work. But the cotton corporation had no use for them. Now the men will have to go to the workhouse unless some other employer needs laborers.

Theodore Scott, negro, nabbed by Detective Jack Klinek Sunday night, after "somebody" had telephoned a drug store to send 25 cents worth of medicine and change for \$10 to a certain corner, learned Monday in city court that it is had practice to be sitting around such a corner, particularly when two other negroes are lurking in the background. Theodore may not have been mixed up in the change deal, but he drew fines of \$25 each on vagrancy and disorderly conduct charges from Judge L. T. Fitzhugh. Later the disorderly fine was dismissed, but Theodore's folks are out the \$25 which "vag" cost. Maybe more, for Theodore's lawyer was seen after court with a nifty roll of bills in his pocket.

Great Weather.

Post of Gallies, Ford
The Lost Sheep, Morris
Central Baptist Male Quartet
(C. J. Reitz, first tenor; J. R. Jackson, second tenor; C. L. Montgomery, first bass; H. E. Bray, second bass.)

ARMY EXPERT TALKS ON PERSONNEL WORK

Explanation of the intricate workings of the personnel department of the army was explained Monday night by Dr. Walter Bill Scott at Goodwyn institute in the first of a series of lectures. Dr. Scott is connected with the army.

Dr. Scott gave some interesting figures on information compiled by army examining boards relative to the trades and professions of men in the army at the time of the armistice. He explained methods employed by members of personnel boards in securing data from newly recruited soldiers and the manner in which the man was listed. Tuesday night his talk will be on personnel work in business organizations.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES.

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 4 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

MOVIE ACTRESSES AND THEIR HAIR

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact, many are leading ladies just because of their attractive looks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or makeshift, but with a simple mixture by putting a teaspoonful of cantrox (which they get from the druggist) in a cup of hot water and applying this instead of soap. This full cup of shampoo liquid is enough so it is easy to apply it to all the hair instead of just the top of the head. After its use, the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is, its luster and softness are delightful.
